# SCUBA DIVING - SNUKA

When snorkeling and diving meet!

New in Bora Bora and exclusively at Diveasy, discover a new way of seeing the underwater world. This is a private excursion perfect for couples looking for new sensations.

**Snuka** allows you to be underwater without carrying with you the tanks and bulky diving equipment. You will be able to **breathe easily** through a regulator (linked to a tank at the surface), avoiding water entering your mouth as with a snorkel.

Your instructor will be by your side during the dive and will give you a small briefing prior entering the water.

You will feel as free as a fish allowing you to make the most out of this unique moment with the inhabitants of Bora Bora's underwater world.

Since it will be a **private excursion**, you will be able to choose from three different sites, the Manta rays, the Sharks or the Coral Garden (depending on weather and sea conditions).

All levels and children from the age of 8 are welcome.

Maximum two people at a time underwater.

## SNORKELING'S COOL by Bora Bora Photo Lagon

**“Snorkeling’S Cool” : Safety in snorkeling with deluxe boat.**

Maybe, didn't you have the chance to grow by the sea like Tahitian kids. Many of our visitors didn't snorkel that much before, or had difficulties with snorkeling gears, are sometimes afraid by water... All little things which turn a beautiful snorkeling to a stressful experience, unbaling to completely enjoy the moment. This new service is offering a progressive snorkeling plan, with pedagogy, a new style of mask. Your safe first snorkeling tour. This service is perfectly adapted for families who want to enjoy the lagoon together with the better safety.

**Snorkeling’S Cool** is your 3h semi-private tour, 2 to 10 p. The first stop in shallow water, to learn how to use snorkeling gears, swim with fins... check if guests need a floater. Feeling safer, we will go to coral gardens for a magic stop surrounded by hundreds of tropical fish, and corals. You won't miss the mythic meeting with the giant manta rays and clown fish.

Take it easy, and use our new generation of **snorkeling helmets**! They are made to offer a solution to all the beginners' worries like no more water inside mask, no more snorkel in mouth, a wider visibility without fog, breathing by the nose...! Try it, you never enjoyed the water like this before!
